EXTENDS YOUR COLOR

GIVE COLOR TO THE PERFECT LOXX

Hairloxx Professional does not use numbers to distinguish between the hair extension colours. Numbers and figures are so colourless and non-committal. The Hairloxx Professional Hair Extensions range of colours therefore comprises the world's most beautiful cities. All our extensions are made with organic hair dye.

HAIRLOXX PROFESSIONAL RESEARCH

Five years of academic microscopic research into the ultimate hair extensions has resulted in the development of Hairloxx Professional Hair Extensions. Hairloxx Professional Hair Extensions contain intact hair cuticles which protect the hair, enhance absorption of hair care products and retain the moisture balance in the hair.

Hairloxx is made of 100% Human Indian Temple hair, is remy and the haircuticles are intact.

Thanks to the 23 colours in 35-40 cm / 14-16 inch and 55-60 cm / 22-24 inch, you can keep surprising your customers with very special new looks. Only trained and certified Hairloxx Professional salons may work with Hairloxx Professional Hair Extensions. Quality is a choice and it's more important than price.

Besides hair extensions, Hairloxx Professional has developed hairdressing products, including tools and a complete haircare range, specially for you as a professional user.
